

Philips  
Surge protector

**Resettable**

10 outlets

**SPP7344WA**

## Home theater

with Power Blocker 2 technology

Unlimited joules protects better than the highest joule-rated surge protectors on the market today. Denies power if any threat is present, then can be instantly reset to restore surge protection and operation.

### **Ideal for dial-up and DSL**

- Power blocker 2 technology
- Phone line protection
- 2-line splitter

### **Ultimate performance design**

- 10 child-safe outlets
- EMI/RFI noise filtration
- 100% Lightning Warranty
- \$1,000,000 connected equipment warranty

### **Built-in convenience**

- Instant reset switch
- Offset right-angle plug
- Protection indicator light
- Cord management system
- 4 ft power cord

**PHILIPS**  
sense and simplicity

Surge protector  
Resettable 10 outlets

## Specifications

### Packaging dimensions

- Packaging dimensions (W x H x D):  
6.1 x 15.75 x 3 inch
- Nett weight: 2.227 lb
- Gross weight: 2.851 lb
- Tare weight: .624 lb

### Outer Carton

- Outer carton (L x W x H): 15 x 6.5 x 6.375 inch
- Nett weight: 4.454 lb
- Gross weight: 5.919 lb
- Tare weight: 1.465 lb

SPP7344WA/17

## Product highlights

### 10 child-safe outlets

Safety slides provide a protective barrier that block the outlet so small objects cannot get in. Keeps children safer.

### EMI/RFI noise filtration

Built-in filtering technology ensures the best performance from your components. It guards against signal interference and loss of data.

### 100% Lightning Warranty

Protects against lightning strikes 100% of the time. Connected equipment is warranted should it be damaged by lightning.

### Instant reset switch

This switch allows instant resetting of the surge protection, restoring protection and operation immediately. It eliminates downtime from having to purchase another surge protector.

### Offset right-angle plug

This flat and angled design conveniently directs the cord away from the lower outlet and allows furniture to sit more closely to the wall.

### Protection indicator light

This LED alert lights up to indicate the surge protector is working properly.

### Cord management system

Collects the power cords and directs them away from the device in an organized fashion to keep the area clutter-free.

### 4 ft power cord

Provides power to the unit which can be 4 feet from the AC outlet.

### Power blocker 2 technology

This circuit-breaker like switch senses an over voltage, then quickly and completely disconnects power to the connected equipment. It can be manually reset once the surge event is over to restore protection.

### Phone line protection

These connectors accommodate an RJ11 cord, routing the telephone line through the surge protector to guard against spikes and surges.

### 2-line splitter

These connectors route the telephone line through the surge protector and split the line to allow two devices to be connected. It offers the convenience of leaving two devices connected constantly even though they may not be used simultaneously.
